## Closing Date: March 20, 2010

**Auctions:** The amounts shown are minimum bids. Simply bid what you are prepared to pay if you win. Please make sure your bids reach us by the closing date, either by phone, fax, mail or e-mail. Bids should be in US dollars and cents and on individual items only.

**Set Price Sales:** The amounts shown are fixed prices and items are offered on a first-come-first-served basis, so place your order as soon as possible!

**Postage rates** (for parcels up to 10 items):

Domestic via US Postal Service:

First disc = \$4.50; additional discs = 50¢ each.

Domestic via UPS:

UPS will only be used for larger shipments (15 discs or more). Smaller shipments go by USPS.

Foreign:

Since May of 2007 the United States Postal Service no longer offers economy (surface) mail shipping, so only airmail options are now available.

**Mailing list policy:** To remain on our mailing list, we require that you attempt to order from at least one of the first 3 lists you receive, and at least once every 6 lists thereafter.

**Grading:** The general condition of records is carefully assessed according to the following grading codes. Specific flaws receive individual comment.

- FS Factory-Sealed LP.
- A+ As new: looks mint.
- A Excellent: clean used copy.
- AA- Unworn copy with a few harmless rubs, etc.
- A- Very Good: minor traces of use and wear.
- A-B+ Between A- and B+.
- B+ Good: Light wear &/or light scratches.
- B+B Between B+ and B.
- B Fair: Moderate wear &/or moderate scratches.
- BB- Between B and B-.
- B- Poor: Heavy wear &/or heavy scratches.

Split grades, eg. B+/B, indicate that the condition of one side is different from the other(s).

**Cover grade:** Sleeves, boxes and albums of LPs, 45s and 78 sets are graded separately by means of a numerical grade that comes after the record grade. The grades are as follows: 1=excellent; 2=minor flaws; 3=moderate wear; 4=poor. + & - symbols modify the basic grade for slightly better or worse.

**Abbreviations for LPs:**

The following symbols after the record number indicate: \* = stereo recording; \*e = electronic stereo; \*D = Digital recording; \*d = digital remastered from analogue recording; \*Q = quadrophonic recording. All others are mono.

Cut out: these words in the listing indicate that the sleeve or box has either a small corner cut off, a slit or notch cut in the side, or a small hole punched through.
